FRIDAY, AUGUST 22, 1879.

NEWS OF THE MORNING.

Caledonia re-elected its Trustees.

Only two cases of yellow fever in Memphis yesterday.

Canada was shaken by an earthquake yesterday. No damage was done.

The reports of the indisposition of the Pope are untrue. He is in perfect health.

A London dispatch states that Sir Rowland Hill, founder of the penny post system, is dying.

Conkling is catching it from all sides. The New York papers are attacking him fiercely.

A steamer grounded in the Suez canal yesterday, and traffic through the canal has been stopped.

Cetewayo does not yield worth a cent. In fact he is in excellent fighting trim and has a large following.

The Howard Association's expenses are \$1,000 a day. It will soon be without means unless the North again comes to its assistance.

Henry J. Rogers, constructor of the first telegraph line between Baltimore and Washington, died at his residence in the former city yesterday, aged 69.

A Paris dispatch says the Edison Company have obtained permission from the government to establish telephonic communication between various quarters of Paris.

The Treasury Department Wednesday purchased between 400,000 and 500,000 ounces of silver bullion, all for the Philadelphia Mint. The offers from the West are above the market rates.

The detectives working up the Wheatland outrage have disappeared having got an important clue from Ida Dunn, who persisted in withholding it up to this time. It is supposed the crazy Frauchman is wanted. Cora Heslop has gone to the mountains for her health.

Drive Them Out.

Drunk Indians are again complained of. Every back alley and lumber yard is full of them, and whole neighborhoods are disturbed by them. Our officers should not allow this. If they cannot prevent the Indians getting liquor they can at least compel them to keep away from town. Let this hint spur them to duty.

There is no longer any doubt that the Maine canvass is looking well for the Republicans. Even the Herald admits it, which, only a few weeks ago, was predicting a worse defeat for the Republicans than last year. The canvass on the Republican side is the most thorough and complete Maine ever knew. Gains are constantly being made, and, in some towns, every Republican that strayed into the Greenback camp last year has returned to the old political faith, and will vote the entire Republican ticket.

Over \$9,000 of bullion from the Gila mine, Reveille district, passed through for San Francisco. Regular shipments, we are told, may be looked for in the future. The Eureka Sentinel is glad to see this outlying camp once more take rank as a bullion producer.

George O. Perkins, formerly Senator from Butte county, would make an excellent candidate for Governor, and one for whom every Republican would most willingly put forth their best efforts.—San Francisco Chronicle, in 1875.

Some of the Eureka resident Italians have telegraphed to San Francisco for the Italian Consul to come up and investigate the Fish creek shooting scrape. He is expected in two or three days.

Tilden and Tammany have kissed and made up, and John Kelly will have the privilege of putting one hand in the bar!

The capital stock of the Eureka Consolidated is not to be increased. The San Francisco dispatch announcing the fact was a mistake.

If Broderick had lived Dave Terry would never have the chance he now has of becoming California's Attorney General.

The Herald says "Tilden is a Yale man." We always thought he was a Tilden man.

OUR WASHINGTON LETTER.

WASHINGTON, D. C., Aug. 14, 1879, Ex-Governor Warmoth, of Louisiana who perhaps knows more of affairs in the Southwest than any other man, said, in a recent interview, that after the crops were gathered the negroes would leave the South by thousands. The only wonder is that white men, also, do not leave by thousands. The bulldozing of a few years ago, which chiefly affected "carpet baggers" and negroes, now reaches, in some sections, all who dare to oppose the Democratic party in any way. It will take a "Solid North," which is one of the inevitable things of the next few years, to secure individual rights in the South. But they will be secured. The Baltimore Sun of this morning has a dispatch from this city purporting to give the details of Secretary Evarts's POLITICAL PLANS.

He is, first, to be the Republican candidate for Governor of New York, and then Republican candidate for President of the United States. An alliance with Senator Conkling is spoken of, and the indirect aid of Mr. Tilden in the Governorship matter is hinted at. The correspondent of the Baltimore Sun should retire on the strength of that despatch. He will never invent anything that is further beyond the bounds of reason and common sense. The Democratic papers are trying in every way to break the force of the fact that there is a yearly

REDUCTION IN THE EXPENSE Of collecting the customs revenue. Enormous crops, generally reviving trade and industry, successful resumption, reduction of interest on government debt, and economical administration of the public affairs—these are the great obstacles to Democratic success.

The grounds at Bladensburg where Clay and Randolph, Gilley and Graves, Danon and Decatur and other noted men fought, received yesterday another "baptism fire". Two boys, both in their teens, fought there. Two shots were exchanged. No blood was spilled. One of these ambitious youths was a Tennessean, and the other a Virginian. There are no accommodations for them, and they ought to realize the fact, at the District jail.

LOGAN.

THE NEW BOZANZA.

The Explorations Continue Satisfactorily.

By the letter, published in to-day's Enterprise, it will be seen two holes have been run into the Union Consolidated mine on the 2400 level with the diamond drill, both of which show ore all the way, one being 80 and the other 95 feet in length. The drill being broken in the first hole, which was bored horizontally, the second is being run at an inclination downward of one foot in ten. This hole is still being continued in ore. The hole starts from the 2300 station of the Sierra Nevada (2400 of the Union Consolidated) and runs two and a half degrees west of south, and the fact that ore is found all the way in the drill hole is very good evidence that the ore still extends to the eastward.

Having drilled a hole in a southwest direction from the same point in the Sierra Nevada a distance of 205 feet, the full capacity of the machine, the object was next to ascertain whether or not the ore body extended eastward as far as to a point directly south of the place of starting in the Sierra Nevada. Ore having now been found almost directly south for a long distance, it is shown that a large body of ore exists at the 2400 level and that the trouble on the 2300 level really was that the main fissure of the vein at that point was almost entirely choked up by a huge block of rock that rolled down from the west wall as asserted by Colonel Fair.

As the drill in the hole bored to the southwest was stopped in milling ore after passing through sixteen feet of low grade quartz, it is not known how much further the ore body may extend in that direction, the capacity of the machine not being such as to allow of going to a greater distance. Although ore has been found in the holes bored southward, the full extent of the ore body to the eastward has not yet been ascertained, therefore it extends both east and west to an unknown distance.—Enterprise 17th.

BELLE ISLE.—The Tuscarora Times-Review of Tuesday, very justly remarks:

The Belle Isle shipment of over \$21,000 last night was a pretty healthy showing, and if there is another silver mine in the country that can produce the same amount in a week with only ten stamps, we don't know where it is located. There is an abundance of the same quality of ore in sight above the 150 foot level to insure a fifty cent dividend for every month during the present year, and probably several more besides. And yet the stock is selling for less than four dollars, scarcely as much as is actually in sight in dividends. If the Belle Isle was in the vicinity of the Comstock, people would be clamorous for the stock at a hundred dollars a share.

A Rome dispatch says the Countess Lamberti intends applying to the Court of Appeals for a revocation of the decision in the Cardinal Antonelli will case, basing her plea upon new evidence revealing her mother's name.

A Mississippi gentleman says that Jefferson Davis will make a mint of money out of his book, which is to be published in the Fall by the Appletons. The general expectation is that it will have a tremendous sale, and bring the author a handsome income.

NEW TO-DAY.

SUMMONS.
IN THE DISTRICT COURT OF THE SECOND
Judicial District, of the State of Nevada, in
and for the county of Washoe.
The State of Nevada sends to George R. Hutch-
inson, Thos. M. Hutchinson, James Hutchinson,
and W. N. Steger, and W. N. Steger, Adminis-
tratrix, and Louisa Steger Administratrix of the
estate of Nancy L. Wheat, deceased, greet-
ing: You are hereby required to appear in an
action commenced against you as defend-
ants by William A. Wheat, as plaintiff, in the
District Court of the Second Judicial District
in and for the county of Washoe, State of Nevada,
and answer the complaint therein within ten
days after the service on you of this summons,
(exclusive of the day of service), if served in
said county, or twenty days if served out of
said county but within said District, and in all other
cases forty days; or judgment by default will be
taken against you according to the prayer of
said complaint. The said action is brought to
recover judgment and decree against the de-
fendants and in favor of the plaintiffs, to be made
and entered directing and requiring the defend-
ants and each of them to pay to plaintiffs a
good and sufficient debt to lots 4, 5, 10 and 11, in
block No. 2, in the Western Addition of the
City of Reno, and being all that portion of
lots lying and being situated north of the quarter
section line in said Western Addition together
with improvements thereon; also the south half
of lot 5, in block 2, as per survey and official
map of said town of Reno made for Charles
Crocker, being 25 feet on the east side of Virginia
street and running back 25 feet in width 140 feet
to an alley, together with all and singular the
improvements thereon. Also a certain lot and
dwelling house thereon situated, fronting upon
Commercial Row in said Town of Reno, situate
between Sierra and West streets, being more par-
ticularly described on the map of said town
made for said Charles Crocker as lots No. 18 and
19 in block 8, and should the defendants refuse
and refuse to make a deed after decree of the
Court, then that the Court deem that the legal
title to said property and every part thereof be
vested in the plaintiffs.
The complaint alleges that the said Nancy L.
Wheat, deceased, was the wife of this plaintiff.
That the property above described was commu-
nity property between plaintiff and said Nancy
L. Wheat, deceased, and acquired by their com-
mon efforts. That said property was in the
name of said deceased and the legal title was
held by her while living and that she with the
knowledge and consent of this plaintiff collected
the rents of said property. That George R.
Hutchinson, Thos. M. Hutchinson, James
Hutchinson and W. N. Steger, defendants, are
heirs at law and children of said Nancy L. Wheat,
the late wife of plaintiff by a former husband,
and claim as heirs-at-law of their mother, the
property above described, and claim that said
property and all of it is the separate property
of the said Nancy L. Wheat, deceased. That the
defendants W. N. Steger and C. O. Steger, the
administratrix and administratrix of the estate of
said Nancy L. Wheat, claim control over said prop-
erty because of their said office over said prop-
erty.
That the said Nancy L. Wheat, deceased, a
short time before her death, died a debt to lots
4, 5, 10 and 11 in the Western Addition to the
Town of Reno to George R. Hutchinson; that
said debt was not delivered and the same was
without consideration and without the consent
of this plaintiff. That there is also paid in
said complaint that a Receiver of the rents is
sues and profits of the estate and real property
mentioned in this complaint be appointed and
tho said W. N. Steger, administratrix, and
tho said Lewis C. Steger, administratrix, and
tho said Lewis C. Steger, administratrix, be enjoined
from in any manner interfering with the rents,
issues and profits of said real property and for
general relief. All of which will more fully ap-
pear from the complaint on file in the office of
the Clerk of said Court at Reno, in said County.
And you are further notified that if you fail to
appear and answer said complaint the said plain-
tiff will apply to the Court for the re-
demanded.
